Daily Commentary

Our system posted a **HOLD** today. The previous **BUY** recommendation that was confirmed was made on 07.18.2005 (9) days ago, when the stock price was 14.9400. Since then **PBW** has gained **6.76%** .

Have you bought this stock when the recent BUY signal was confirmed? If so, it is great. Just relax and wait.

What will you do now? Well, the HOLD tag says all that is to say. Keep on holding your stocks and do not bother yourself with any further buying or selling as long as the HOLD tag stays.
