Check Out This Pair of Invesco ETFs With Stellar Returns

The sun and clean energy: those are the two hints you get to figure out this pair of ETFs from Invesco that have been providing stellar returns in a pandemic-riddled year.

Answer: the **Invesco ...** and the **Invesco WilderHill Clean Energy ETF (PBW)**.

The pair topped a list of top 10 ETFs that have been providing 100% returns or better this year in The Street article. Here's what they had to say about both funds:

....

"Invesco owns two of the top three spots. PBW takes a broader approach than TAN by focusing on the entire clean energy industry. It's up 162% for 2020."

....

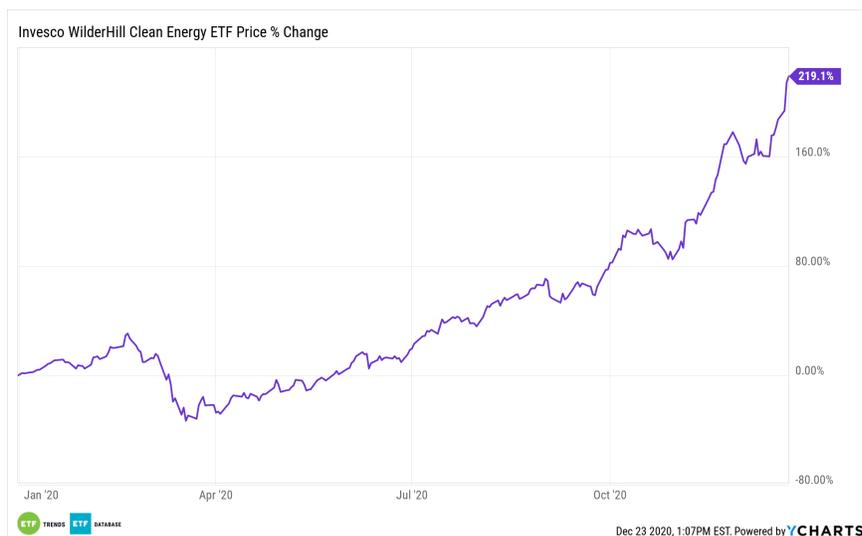

PBW seeks to track the investment results of the WilderHill Clean Energy Index.

....

Big Gains for Clean Energy

....

PBW's YTD chart also show shows the fund surpassing the 200% gain mark. Like ... , the fund could also benefit further from gains with a Biden administration that puts clean energy plans in the forefront of political policies.
