Weekly ETF Leaders and Laggards: PBW, XLU

The WilderHill Clean Energy Portfolio ETF (PBW) outperformed other Energy ETFs this week, up about 3.6%. Components of that ETF showing particular strength this week include shares of Molycorp (MCP), up about 17.2% and shares of SunPower (SPWR), up about 14.7% on the week.

....

Other ETF standouts this week include the Global Clean Energy Portfolio (PBD), outperforming this week with a 2.5% gain. And the iShares Dow Jones U.S. Utilities Sector Index Fund (IDU) was an underperformer, falling about 2.6% this week.
