PowerShares Global Clean Energy Portfolio (PBD) VMA Spiking Higher In Past Week

Shares of PowerShares Global Clean Energy Portfolio (PBD) have seen the volume moving average (VMA) climb over the past seven sessions. The stock recently touched 11.95, or a change of 0.06 from the most recent open.

Volume Moving Average, as the name indicates, is a moving average of the volume rather than the price. VMA represents the average volume over a specified period of time and can be used to chart a stock, ETF or index for
